CITY EXPERIENCES ACQUIRES WALKS

The acquisition adds to City Experiences’ growing portfolio of land-based travel experiences in top tourism destinations worldwide

New York, NY (April 8, 2021) – City Experiences announced today it has closed on the acquisition of leading global tours and experiences provider, Walks. Walks joins City Experiences’ growing portfolio of land-based experience companies and supports the company’s overall business strategy towards growing its product offerings for its guests.

Walks began as Walks of Italy in 2010, guiding over a million travelers to attractions like the Vatican, Colosseum and St. Mark’s in Venice. With 100+ unique tours available across 14 cities, including Rome, Venice, Paris and NYC, Walks creates the opportunity for travelers to explore cities at street-level, hear stories from local experts, and uncover a place’s unique history. Walks also began offering virtual tours last year known as “Tours from Home,” receiving widespread recognition.

City Experiences represents a diverse portfolio of experiences in major travel destinations worldwide and includes more than 25 brands, offering locals and tourists alike a broad range of global experiences.

“We’ve long admired the City Experiences industry leadership and commitment to quality, so we couldn’t be prouder to join the crew. I’m particularly excited about the opportunity this presents for Walks to reach more U.S. domestic travelers, even locals”, says Stephen Oddo, CEO and Co-Founder of Walks. “The U.S. tours and activities market represents so much untapped potential. We don’t see nearly as many large, multi-destination operators here as we do in Europe. This acquisition aligns with our strategy to reach the elusive domestic market on a scale equivalent to what we do across the pond.”

“On the heels of the company’s rebrand announcement to City Experiences we’re excited to announce the acquisition of Walks to our expanding portfolio. As a Global Leader in Experiences and Transportation, this partnership will allow us to further expand our land-based offerings across the globe and continue delivering amazing experiences for our guests,” said Kevin Rabbitt, chief executive officer, Hornblower Group, parent company to City Experiences.

City Experiences represents a diverse portfolio of experiences in major travel destinations worldwide and aligns more than 25 existing brands into a single brand identity, offering locals and tourists alike a broad range of global experiences.

With the completion of this acquisition, Walks joins City Experiences’ growing portfolio of land-based experience companies—which includes Cruising Excursions and ShoreTrips, leading
global shore excursions providers in the UK and U.S. respectively—and supports the company’s overall business strategy towards growing its product offerings for its guests.
